

## **Outstanding IPO world championship in Poland**

Already last year's world championship in Italy had been a major event for our boxers, and again, on the occasion of this year's IPO world championship, that took place from 25th to 27th April, 2008, superior performances could be seen.

The local organization, under the direction of the deputy president of the Polish boxer club, Mrs. Dr. Ivona Magziarska and her team, was professional and perfectly adapted to the high standard of this event. The announcements were made in three languages (German, English and Polish) and thus understandable for each team.

The judges came from Poland, Italy and Hungary. Department A was judged by Mr. Zbigniew Milewski from Poland, department B by Mr. Danielo Gorgio from Italy and department C by Mr. Benke Andras from Hungary.

As representatives of the Committee were present the Honorary President, Knut Brodal from Norway and the General Secretary, Torsten Lemmer, from Germany.

The 32 teams came from 11 countries (Austria, Belgium, Czech Republic, Finland, France, Spain, Germany, Poland, Slovakia, Sweden, Switzerland, Italy and the USA). With regard to this number of entries, the General Secretary Torsten Lemmer commented that "ATIBOX also lives through the domain of the working dog activities that are so very important for our breed."
